04 COURSES

Full Stack Development at [freecodecamp.org](https://www.freecodecamp.org)

Python and Django at UDEMY

Ethical Hacking at UDEMY

Google Cloud Arcitect at UDEMY

Product Management at UDEMY

05 LANGUAGES

English

Sindhi

Hindi

06 INTERNSHIPS

Aug 2024 — Nov 2024

Front-end Developer at AICTE

- Developed a secure, interactive web application with a modern front-end framework and an intuitive user interface
- Employed AJAX and JSON technologies to create a seamless data exchange between the front-end and back-end

07 PROJECTS

Real Life Jarvis

- Technologies Used: HTML, CSS, JavaScript, React Native, Java, Python, TensorFlow, Scikit-Learn, pandas, PHP, C++.
- Features: Like home automation, car automation, social media automation, support for multiple languages, live calls, and much more.

AI Based Real Time Chat Application

- Developed a secure, feature-rich AI chat app with live updates, media sharing, encryption, and smart reply suggestions.
- Enabled real-time user presence, typing indicators, group chats, notifications, and offline mode for seamless communication.

A Full Fledged Operating System GUI Based

- Currently Working on it

08 KEY ACHIEVEMENTS

- Developed advanced AI projects: real-time chat app, Jarvis home/car automation, and AI password manager.
- Gained hands-on experience through internships and online courses in full-stack development, ethical hacking, and cloud architecture.
- Skilled in multiple programming languages and frameworks, with expertise in AI/ML, cybersecurity, and web development.
- Passionate about solving real-world problems and exploring new technologies.

09 HOBBIES

- Exploring New Technologies
- Traveling
- Playing Online Games
